

Outlast

There's no better place for play and learning than the great outdoors! Extending your curriculum outside connects children with the natural environment on a daily basis. Extremely durable, weatherproof, and aesthetically pleasing, Outlast products will transform your outdoor space.

Weatherproof

Is it possible? Yes! Outlast products are made of acetylated wood, which has been proven to last for several decades in direct contact with the ground. Outlast will not warp, shrink, twist, or rot and does not need covered storage, whatever the weather.

Non-toxic

Acetylation is a treatment process that modifies wood at the molecular level, rendering it rot resistant without using any toxic substances. It's child-safe and environmentally friendly. "Safe enough to eat" is no exaggeration.

Durable

To complement the weatherproof wood, Outlast products are fastened with stainless steel hardware and UV-resistant rubber. Outlast is backed by our standard 15-year warranty.

The mark of
responsible forestry
FSC® C006924

Sustainable

Outlast is made with wood from well-managed, FSC® certified forests and other controlled sources.

Ultimate play value

Loose parts empower creativity and offer unlimited opportunities for problem solving, cooperative play and a whole lot of fun, rain or shine.

Easy care

Acetylated wood may eventually weather to a natural grey. Mud scrubs off with water and any standard detergent.

Toddler climbing set (W480)

Platforms and Balancing beams are sturdy and stable, even on uneven playground surfaces.

All edges are heavily rounded for safety.

Balancing beams make a handy bench too!

The modular, hexagonal platforms can be reconfigured easily by a teacher.

Toddler balancing sets

ITERS 16: 7.3

Young children need to move. Vigorous, active play is crucial to their development. These sets offer a wide and flexible range of gross motor play opportunities for children.

Completely stable yet portable units allow the teacher to reconfigure the outdoor area to meet the changing needs of children. The rot-proof wood and extremely durable construction will withstand year after year of active, outdoor play.
