If you share classroom space with other programmes or simply don't have room for an art centre, consider this creative station on wheels. It can travel wherever it's needed, carrying everything young artists will use. With generous storage space and totes for every possible craft material, this trolley makes up for the three or four pieces of furniture you wish you had room for.

“ Having the freedom and independence to choose appeals to even the youngest of the children when creating their own masterpieces. Our art trolley with its many compartments enables us to provide a wide and varying range of materials to stimulate many ideas and projects. ”

Pookie Russell,
Pre-school Leader, Rose House Montessori Pre-school, London

Organised and accessible storage is essential for an art area. These units allow you to display a wide variety of craft materials so children can browse, select and create all on their own.

Creative units offer an easy-to-view angled display, while supply units provide more storage capacity. The Craft counter tops fit onto 37 cm deep shelves that are 94 or 124 cm long.

Today it's a magnetic board for letters, shapes and number games. Tomorrow it's a dry erase marker board for young authors. At read-aloud time, it's a big bookstand, and during "free choice," a painting easel and display board for finished artwork. At the end of the day, it becomes a message board for parents or a presentation easel for staff meetings.

For ages 2 to adult
