

Display & discovery shelf (F495)
Activity top shelf (F636)

Mirror adds a new dimension.

Transparent book holder for posters or open books.

Tray lifts out for easy cleaning.

Flip up the hidden wheels to move shelves.

Connect these items to other Roomscapes shelves or dividers, and create the perfect activity area.

The angled upper shelf creates an open, buffet-style appearance that invites children to explore.

NEW Display & discovery shelves for Roomscapes

ECERS 5: 7.4, 5.1
 ITERS 2: 7.3; 4.5.3; 20: 5.1

Ignite imagination and learning with a visual buffet of materials. The angled shelf invites children to help themselves, and the mirror makes classroom displays as beautiful as they are practical. Set a book in the designated slot and let the child-led play begin.

The Activity top shelf extends the display and the learning. Children love to explore materials and concepts on a surface.

Display & discovery shelf with clear Carry crates F495
 Includes 4 small and 3 medium Clear carry crates
