

# Outlast

There's no better place for play and learning than the great outdoors! Extending your curriculum outside connects children with the natural environment on a daily basis. Extremely durable, weatherproof, and aesthetically pleasing, Outlast products will transform your outdoor space.

## Weatherproof

Is it possible? Yes! Outlast products are made of acetylated wood, which has been proven to last for several decades in direct contact with the ground. Outlast will not warp, shrink, twist, or rot and does not need covered storage, whatever the weather.

## Non-toxic

Acetylation is a treatment process that modifies wood at the molecular level, rendering it rot resistant without using any toxic substances. It's child-safe and environmentally friendly. "Safe enough to eat" is no exaggeration.

## Durable

To complement the weatherproof wood, Outlast products are fastened with stainless steel hardware and UV-resistant rubber. Outlast is backed by our standard 15-year warranty.

The mark of  
responsible forestry  
FSC® C008924

## Sustainable

Outlast is made with wood from well-managed, FSC® certified forests and other controlled sources.

## Ultimate play value

Loose parts empower creativity and offer unlimited opportunities for problem solving, cooperative play and a whole lot of fun, rain or shine.

## Easy care

Acetylated wood may eventually weather to a natural grey. Mud scrubs off with water and any standard detergent.

Child-friendly blocks are rugged, with no sharp edges or toxins. The child-sized handholds make carrying easy.

**Blocks and ramps are compatible.** Their innovative interlocking feature facilitates the creation of sturdy structures on uneven ground.

Outlast blocks are robust and develop gross motor skills.

**Excellent play value.** There's nothing like loose parts to encourage constructive play.

**Interlocking** blocks and planks make it possible to build and play on uneven ground.

## Outlast block sets

ECERS 8: 7.2, 7.1, 5.2, 5.1

Outlast encourages imaginative play, child-directed discovery and learning in the great outdoors. Interlocking blocks and planks form the basis of this innovative constructive play system.

Reinforced with UV-resistant rubber corners and stainless steel hardware, Outlast blocks earn their 15-year warranty.

## Outlast storage

ECERS 8: 7.2, 7.1, 5.2, 5.1, 7.7.3

To help children keep the outdoor area tidy, the Storage unit neatly accommodates Outlast blocks and crates, and other outdoor toys. The waterproof roof protects resources, while spaces between floor slats provide ventilation and allow sand to drop out. Hose it out and the water drains.

The Outlast storage bench provides teacher seating, and fits two crates that neatly hold outdoor toys. Weatherproof wood and durable design provide year-round outdoor use in your garden or covered play area.
