

Chair and table height guidelines

It comes down to a simple formula – comfort equals concentration and contentment. If children have furniture shaped to support their bodies' best posture, they can stay focused on the work or play in front of them.

Determine the best chair height by seating a child with knees at 90° and feet flat on the floor. Measure the distance from the floor to the seating surface.

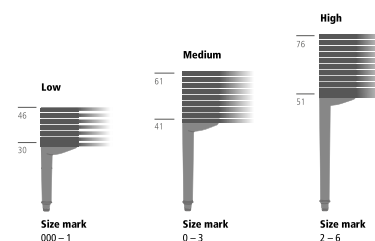

The table legs and chairs are size-marked to help determine the correct table/chair choice. Match the size marks on table and chair.

Solid legs

MultiTables

Table top options

Modular table shapes allow you to configure your room for many different use cases: solo work, small teams, round table discussions, or a classroom debate. See options on page 106.

Adjustable leg options

Choose from three heights of adjustable table legs to keep pace with growing children of various ages. Table legs click out telescopically to give you maximum flex-stability.

Solid wood leg options

Choose from nine heights of solid wooden legs for a sturdy table with a natural look.

Role play tables: See page 169

Outdoor tables: See pages 27–29

Activity tray-tables: See page 135

56 x 76 cm MultiTable with high adjustable legs (D214)

To adjust table height, just push the yellow ring down and slide the leg in or out.

Easy-to-clean laminate is waterproofed with laser-bonded edging to keep moisture out.

Soft tips on table legs help keep the noise down.

Set the correct table height. Match the number on the chair bottom to the corresponding number stamped on the table leg. Find height recommendations per age on page 101.

Save floor space by moving tables to the side of the room and stacking them in a fan pattern. For more permanent and compact storage, legs unscrew and clip into the leg holder.

To support developing motor control, slightly tilt a table by shortening the adjustable legs on one side.

MultiTables

This versatile system of tables is solid and dependable to support the important work of playing and learning. With a wide range of shapes and sizes it's easy to customise your tables to fit different ages, groups, and activities.

MultiTables are lightweight and modular so you can move, stack, and store them easily. Adjustable legs allow staff to change the table height quickly – no tools needed. Or choose the solid leg option for a sturdy table with a natural look.

Tables come in four different shapes; each one with a variety of sizes. **Find all options and prices on the next page.**

Chairs and seating

Choosing chairs? Sitting surfaces need to be appropriate for the activities they promote, so we offer a wide range of seating options. Comfort equals concentration and contentment.

Stacking stools

Designed for comfort, these sturdy stools are a great alternative to chairs. Suitable for any activity, from story time to role play, or even lunch. Available in six sizes, and handy for staff as well. See page 113.

Woodcrest chairs

Comfortable, ergonomic seating for preschool children to adults. Available in seven sizes. Don't miss the Teacher low chair – it's the one with a handhold! See page 111.

Childshape chairs

Solid chairs with armrests, designed for twos and threes who need extra stability. Available in two sizes. See page 115.

Mealtime chairs

Babies and toddlers need supportive, cleanable seating as they master their eating skills. Available in two sizes, with optional feeding tray. See page 115.

Me-do-it chairs

Low and wide-based, Me-do-its are just right for toddlers. Available in two sizes. See page 207.

More seating

See Child's sofa and armchair on page 167, and Outlast benches and seats on page 27–29.

43 cm Woodcrest chair (J716)

Shaped for comfort

The backrest "circle" eliminates pressure on the lower spine. Edges and corners are rounded.

Stable seating

The wide-based design makes the chair stable without having the legs protrude.

Good posture

Children sit comfortably and correctly on this contoured chair. The waterfall front encourages circulation.

Rubber tips are non-marking, non-slip and help keep the noise down.

Light enough for children to carry.

Stackable: Five chairs high.

Woodcrest chairs

ECERS 2: 7.1, 5.2, 5.1 ITERS 2: 7.4, 7.2

The lightweight Woodcrest chair is made of formed beech. The graceful one-piece design is easy to clean, with no joints to work loose. They're ultra-stable and sturdy, and scaled so children can sit with feet flat on the floor.
