

Seat size mark:
For the correct seat-to-table height, match the number on the table leg to the one on the seat. The size mark is stamped on the underside of Stacking Stools and Woodcrest Chairs, and printed on the ID label.

Adjustable Leg size mark: Pull out the telescoping leg until correct number shows directly below the gold ring.

Solid Leg size mark: On a Solid Leg, the size mark can be found at the top of the leg where it attaches to the table.

Seating and Table Height Guidelines

Determine the best seating for your setting according to our recommendations below.

First, look for the age of children you provide for on the chart, then select the corresponding seating option most appropriate for this age-group. Keep in mind that age is only a general guideline; children can vary significantly in size even within the same age range. Be sure to consider your unique mix of children, as well as the activities the seating will support.

Woodcrest Chairs and Stacking Stools have a size mark under the seat. Match this number to the corresponding number on the table legs to get the correct seat-to-table height.

Table Top Options

Modular table shapes allow you to configure your room for many different use cases: solo work, small teams, round table discussions, or a classroom debate. See options on page 146.

Adjustable Leg Options

Choose from three heights of adjustable table legs to keep pace with growing children of various ages. Table legs click out telescopically to give you maximum flex-stability.

Solid Wood Leg Options

Choose from nine heights of solid wooden legs for a sturdy table with a natural look.

Role Play Tables: see page 209

Outdoor Tables: see pages 31–33

To adjust table height, just push the yellow ring down and slide the leg in or out.

Easy-to-clean laminate is waterproofed with laser-bonded edging to keep moisture out.

Soft tips on table legs help keep the noise down.

Set the correct table height. Match the number on the chair bottom to the corresponding number stamped on the table leg. Find height recommendations per age on page 141.

Save floor space by moving tables to the side of the room and stacking them in a fan pattern. For more permanent and compact storage, legs unscrew and clip into the leg holder.

To support developing motor control, slightly tilt a table by shortening the adjustable legs on one side.

MultiTables

This versatile system of tables is solid and dependable to support the important work of playing and learning. With a wide range of shapes and sizes it's easy to customise your tables to fit different ages, groups, and activities.

MultiTables are lightweight and modular so you can move, stack, and store them easily. Adjustable legs allow staff to change the table height quickly – no tools needed. Or choose the solid leg option for a sturdy table with a natural look.

Tables come in four different shapes; each one with a variety of sizes. **Find all options and prices on the next page.**

Seating

Looking at seating options for your classroom? Sitting surfaces need to be appropriate for the age of the child and the activities they support. We offer a wide range of seating options for both children and teachers. Choose the most comfortable, functional seating for your classroom or nursery setting.

Stacking Stools

Children need every opportunity to move and build core strength; Stacking Stools encourage this movement and allow for more dynamic posture. Stacking Stools are versatile for seating and play. Available in six sizes. See page 155.

Woodcrest Chairs

Robust, beautiful seating for preschool children to adults. Available in seven sizes. Don't miss the Teacher Low Chair – it's the one with a handhold! See page 153.

Childshape Chairs

Solid chairs with armrests, designed for twos and threes who need extra support. Available in two sizes. See page 157.

Mealtime Chairs

Babies and toddlers need supportive, cleanable seating as they master their eating skills. Available in two sizes, with optional feeding tray. See page 123.

Me-do-it Chairs

Low and wide-based, Me-do-its are just right for toddlers. Available in two sizes. See page 121.

More seating

See Nursery Sofa on page 113, Child's Sofa and Armchair on page 207, and Outlast Benches and Seats on pages 31–33.

43 cm Woodcrest Chair (J716)

Shaped for comfort

The backrest "circle" eliminates pressure on the lower spine. Edges and corners are rounded.

Stable seating

The wide-based design makes the chair stable without having the legs protrude.

Children sit comfortably on this contoured chair. The waterfall front encourages circulation.

Rubber tips are non-marking, non-slip, and help keep the noise down.

Light enough for children to carry.

Stackable: Five chairs high.

Woodcrest Chairs

ECERS 2: 7.1, 5.2, 5.1 ITERS 2: 7.4, 7.2

The lightweight Woodcrest Chairs are made of formed beech. The graceful one-piece design is easy to clean, with no joints to work loose. Woodcrest Chairs are ultra-stable and sturdy. They stack up to five chairs high.

The handhold makes the TLC easy to move from one location to another.

17 cm Stacking Stool (J122)
31 cm Stacking Stool (J125)

Lightweight sturdy build for decades of use.

Large contoured seat, comfortable for both children and adults.

Easy to clean.
Inset joinery ensures that there are no hidden crevices to trap mess.

Rubber tips are non-marking, non-slip and help keep the noise down.

Ergonomic design allows freedom of movement and comfortable seating.

Story time! Teachers can get right down on the child's level.

All six sizes can stack together. Rubber bumps on underside protect the tops from scuffs and scratches.

Stacking Stools

ECERS 2: 7.1, 5.2, 5.1 ITERS 2: 7.4, 7.2, 7.1

Stacking Stools provide durable, versatile seating for children. Stools allow for more dynamic posture; because of the flat seat, children can find the seating position that is most comfortable for them. Stacking Stools accommodate the size range of an age group better than chairs, and stack easily for compact storage.

Most appropriate for ages three and up.
