## Activity Tray-tables

ECERS 1:7.2, 3:5.4, 34:7.2 ITES 1:7.2, 3:5.3, 20:5.4

It may look like a simple classroom desk, but it offers exceptional versatility, allowing for both seated and standing collaborative play. Children with SEND can fully access the curriculum, moving seamlessly between sensory exploration and desk-based activities. The sturdy tabletop clips securely in place to keep loose parts contained, while the removable inset tray expands play possibilities and makes cleaning effortless. This all-in-one resource is built to deliver thousands of hours of inspired learning.

Trays are 4 cm deep.

## Small Tables for Sand & Water Play

ECERS 2:7.2, 23:7.5.1  
 ITERS 21:7.2, 7.1, 5.3

This Small Table is the compact, space-efficient option to bring sand and water play into your setting when floor space is limited. It's easy to move, drain and clean.

Sand and Water Tables adjust to three heights: low for 15–24 months, medium for 2–3 years, and high for 3–6 years.

The Storage Shelf's angled, child-height compartments invite children to sort and select toys; even babies can help themselves. The designated slot at the back holds two Sand and Water Table lids.

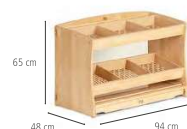

For ages 15 months–6 years. All items come fully assembled.

**Activity Trays** contain small world and sensory play for all ages. Pop on the lid, and it's a **Tray-table!**

**Drip tray** catches water or mess draining through grates, and removes for cleaning.

**Lids slot neatly** into designated space, upright and safely out of the way.

**Mobile:** Flip up the hidden wheels, roll...

...and **flip down** for a perfectly stationary unit.

### Low Sensory Table (A691)

The Low Sensory Table comes with a lid.

10 cm deep pan holds anything from balls to natural materials.

Sturdy build lets babies pull up safely on the smooth rim.

**Bring it down to baby level.** The Low Sensory Table lets them discover new textures and explore sensory materials.

Sort, post and transport – toddlers can access the angled compartments on the Storage Shelf, and even little crawlers can rummage through the bottom bins.

## Low Sensory Table

ITERS 15: 7.2, 7.1, 5.1

Here's a place for the smallest ones to explore – just the right height for your little crawlers. This Low Sensory Table encourages communication and curiosity as well as both fine and gross motor skills. Lift pan out easily for emptying and cleaning.

Stow accessories and loose parts in the child-accessible Storage Shelf, where even babies can reach them.

All items come fully assembled.  
For ages 9–15 months.
