# GRANDE

COLOR VARIANTS OF THE FRONTS:

Furniture pieces from the Grande collection are made of laminated chipboard with a thickness of 18 mm, in maple and white tone. Fronts are also available in variety of modern colours

The Grande collection is a modern furniture adapted mainly to the needs of primary and secondary schools, to equip the classrooms, workrooms as well as administrative rooms. Cabinets and level raisers are available in 2 depths (38 and 48 cm), which allows the creation of furniture sets with deeper cabinets in lower part and shallow cabinets in the top.

Cabinets are available in 2 heights and 2 depths. Level raisers are available in 3 heights and 2 depths.

Combining them allows you to create cabinets with different overall heights, depending on your needs.

Cabinets available in 4 heights and 2 depths each, standard width 82 cm

The doors are available in different colors. Two types of hinges allow opening at angles of 90° or 180°. Doors are offered in pairs - suitable for standard cabinet width 82.2 cm. The 90° hinges are equipped with the soft-closing mechanism.

Optionally, the doors are available lockable. This way important documents can be stored safely.

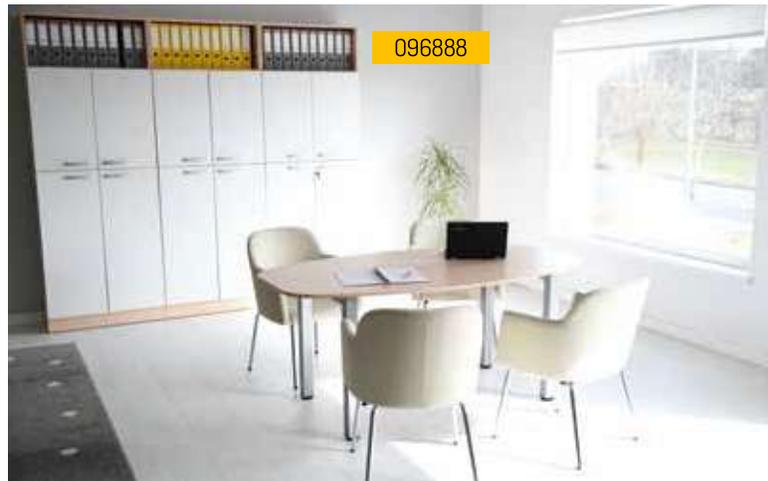

The installation of doors increases the depth of the cabinet by 18 mm - to 39.8 cm or 49.8 cm.

Shelves are adjustable 32 mm each.

## Doors for top cabinets and level-raisers

Doors made of laminated chipboard (thickness: 18 mm). Equipped with hinges allowing the door to be opened at a 90-degree angle. For cabinets M (096898, 096898W, 096899, 096899W) and level raisers M (096890, 096890W, 096891, 096891W, 098187, 098187W).

096964

## Cabinets Grande

Level raisers for cabinets from collection Grande, made of white or maple laminated chipboard (thickness: 18mm). Available in 3 sizes. It is possible to mount doors. Level raisers depth 38cm can be mounted on deep cabinets (48cm), but Grande depth adjustment board (096940) needs to be mounted. In case of assembling 38cm level raiser on deep cabinets, doors can be assembled only in top part of level raiser, lower part needs to remain empty.

# kvadra

COLLECTION IN MAPLE TONE

maple

Kvadra is a universal system of office furniture, offering the possibility of arranging the conference rooms, receptions and management stations. The system includes office desks, conference tables, pedestals, cabinets, bookcases and shutters as well as complementary elements. Thanks to its design Kvadra combines the advantages such as stability of the structure, functionality and modern forms. Reception desks made of thick laminated board of 18 mm with edge of 2 mm. With a few blocks, you can create a variety of sets: with extensions, straight or corner counter. Corner part covered with aluminum-colored laminate.

Doors with comfortable, elegant handles

F041588-6-08-03 white

The Flexi collection excels in versatile, innovative multifunctional furniture. It adapts to the available space in the room, can be set up freely and serves ideally as room dividers. Basic elements, add-on shelves and additional doors allow numerous design variants. They can be set up and rearranged in no time at all. Add-on units increase the cabinets capacity. Flexible, stable and practical - that's Flexi! For the collection, we use laminated chipboard (18mm thick) in birch-tone with ABS edge banding (2mm thick) in multiplex look. The natural décor can be complemented with coloured door fronts. This creates the simple, unmistakable design of our Flexi collection.

**High cabinet for a teacher**

High, mobile cabinet, made of laminated chipboard (thickness: 18 mm), in a birch tone, with edge banding made of multiplex ABS.  
• dim. 50 x 50 x 120 cm  
**096552**

# Legvan series

Upholstered furniture Legvan series - collection of seats specially designed for corridors and public spaces. The series consists of modules that can be arranged as desired depending on the function and aesthetics of the room. The modules are available in various colors, which enables creativity in spatial design. Thanks to large seating areas and backrests, they give the room an atmosphere of calm and relaxation and neutralize the hectic pace that often arises where many people move about.

- Cover: flame retardant textile (Bond - 100% PE), tested according to EN 1021-1, EN 1021-2
- Metal frame, powder-coated • Seat height: 44 cm • Seat depth: 46 cm • Backrest height: 28 cm

# Seating areas

## U\_FLOE

The upholstered furniture series U\_FLOE consists of modules that can be arranged as desired depending on the function and aesthetics of the room. Additional elements such as flower boxes with shelves ensure a cozy atmosphere or a comfortable and ergonomic place to work or relax and thus form a perfect complement. The collection was designed for living rooms, waiting rooms, chill-out zones, receptions and public spaces.

- Cover: flame retardant textile (Roccia – 100% PE), tested according to EN 1021-1, EN 1021-2
